## About This Game

in 2073, the greatest show of all time playing with the lives of the participants to the delight of spectators. The game is really very simple. The player must collect the balls and survive for 5 levels. Red balls give him rocket and green balls give him health. The show keeps on getting harder level by level.

Runners , Spiders , Mecha , turrets , Human clones want to play with you.

Every level is a procedural construction and can be destruct a lot.

You can become a star of the show !

Controls are classical FPS keys.

**" In this game , i wanted the player have fun and fury in the same time."**
